DEMOCRATIC TICKET.

For President,
WILLIAM JENNINGS BRYAN,
Nebraska.

For Vice President,
ARTHUR SEWALL,
Maine.

For Kentucky—Local "n'ers" in the early morning, followed by fair weather; cooler; northerly winds.

It is announced that Gov. Bradley is not satisfied with the campaign arrangements of his party in this State. The boss is simply trying to bluff McKinley into promising him the patronage in Kentucky in the event of the Ohioan's election. Bradley wants to distribute the "pie."

The free silver sentiment right in McKinley's own home has scared up the Republicans. One of the largest and most enthusiastic receptions Bryan met with on his trip East this week was at Canton. The speech of the "boy orator" at that point will add many to his list of admirers and supporters.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

Teachers' Examination.

The last examination for teachers of the public schools in Mason County will be held August 21st for white teachers and August 28th for colored teachers. Applicants for State certificates can be examined August 21st. Institute August 24th. G. W. BLATTERMAN, Supt.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

A DEPLORABLE TRAGEDY.

A Father Stabs and Probably Fatally Wounds His Son.

Tuesday night about 10 o'clock William Burke, living near Mayslick, cut and probably fatally wounded his son John, aged twenty-four. Burke was drunk, it is said, and was abusing his wife when she called her son to her assistance and in the scuffle he was cut in the bowels.

The knife lacerated the bowels and the physicians, Dr. Davis, of Mayslick, and Dr. Owens, of this city, think the wounded man's chances for recovery are very slim. The father is almost crazed over the deplorable affair.

Public Spraying.

Rural New Yorker tells of a man in western New York who has a complete outfit of boiler, engine, steam pump, tank and hose mounted on his farm wagon. A 12-year-old boy has run this outfit successfully in neighboring orchards—driving the wagon and keeping up steam. The charge is \$5 a day—the owner of the orchard providing the spraying mixture and men to hold the nozzles. With this outfit it is possible to spray 1,500 gallons of poisoned water in a day, and the first cost of the entire outfit was but \$250. This man could not begin to accommodate those who wanted to hire his spraying outfit. In 50 days of outside work, he will pay the entire first cost of the apparatus, while the pump, boiler and tank are, doubtless, good for 1,000 days' work without repair. Here is an inkling of what is coming. A man with the needed capital and the proper mechanical skill has a chance to make some money as a public sprayer.

If the refrigerator is too small to hold a watermelon which you wish to keep cold, roll the melon in wet cloths and place it in the sun. The process of evaporation will cool the melon. Wet the cloth on the outside as it becomes dry.

Sure to Win.

The people recognize and appreciate real merit. That is why Hood's Sarsaparilla has the largest sales in the world. Merit in medicine means the power to cure. Hood's Sarsaparilla cures—absolutely, permanently cures. It is the one true blood purifier. Its superior merit is an established fact, and merit wins.

Hood's Pills are easy to take, easy to operate. Cure indigestion, headache.

MAYSVILLE LOST.

Miserable Fielding Gave Lexington the Game Yesterday.

[Special to BULLETIN.]

LEXINGTON, Ky., August 12th, 1896.—Lexington 10, Maysville 5.

Batteries, Shepherd and Kellner, Conover and Smith.

We made five runs in the first inning and had game won, but then lost it by miserable fielding.

Lexington didn't earn a run. Cox.

The Wyandottes will play "Chris" Hunsicker's Rag Signs at the park this afternoon.

Aberdeen M. E. Church.

Next Sabbath, August 16th, will be a day of universal importance to the church people of Aberdeen. Rev. W. W. Tranter, of Covington, Ky., will spend the day with the people. Mr. Tranter is a university graduate, a gentleman of wide culture and a speaker possessing elements of strength and power. Those who had the pleasure of listening to him at the M. E. Church and at Dieterich's Grove in Maysville on Memorial Day will corroborate these statements. Mr. Tranter will preach in Aberdeen M. E. Church at 11 a. m. To the citizens and friends a cordial invitation to attend is given. At night the services will be a little unique. The church, in spite of the hard times with its scarcity of work and money, has in about three months raised and paid \$300, thus cancelling a mortgage against the church to that amount. This leaves the property absolutely free from all incumbrance. For this reason the people propose to praise the Lord and cremate the mortgage. The following program will be observed:

Opening hymn.
Prayer.
Scripture Lesson—Mrs. Ida Spears, trustee.
Hymn.
A Brief History of the Debt—A. T. Boswell, trustee.
Presentation of Mortgage to Pastor—Dr. T. Heaton, trustee.
How It Was Brought About—Pastor.
Cremation and doxology.
Free will offerings.
Sermon—W. W. Tranter.
Closing exercises.

The services will be brief and pointed.

HERE'S ANOTHER ONE.

Hon. E. F. Howes' First Vote For Democracy Will be Given to Bryan and Sewall.

PAINTSVILLE, Ky., August 8.—Hon. E. F. Howes, Master Commissioner of the Johnson Circuit Court, and the acknowledged leader of the Republican party in this section, is out in a card announcing his intention of supporting Bryan and Sewall. Mr. Howes says that he has his first Democratic vote to cast, but that he favors free silver, and believing the money question to be the paramount issue, he will do all in his power to aid the silver cause. Mr. Howes' announcement created a great surprise among the gold men here. Fifty well-known farmers of the Republican persuasion in Johnson County declare for Bryan and free silver, and the silver men confidently assert that their column will be swelled by new recruits each day.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best Cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested? Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

Rev. J. S. Sims will preach at the Methodist Episcopal Church, South, in Washington Sunday afternoon, August 16th, at 4 o'clock.

They All Come Back To

"There are fads in medicine as well as in other things," said a busy druggist, "but the most remarkable thing about Hood's Sarsaparilla is that customers who try other remedies all come back to Hood's, and this is why the enormous sales of this great medicine keep up and continue the whole year round, steady as a clock. "Why is it?" "O, simply because Hood's Sarsaparilla has more real curative merit than any medicine I ever sold." This is of daily occurrence in almost every drug store. Hood's Sarsaparilla has cured more sickness, and made more happiness through restoration to health than any other medicine.

KENTUCKY CROPS.

Conditions Have Been Favorable—No Complaints of Widespread Character. Weekly Weather Report.

[For the Week Ending August 10th.]

Another week of most intense heat like the week preceding it has been experienced in all parts of the State. As a rule, however, the weather was favorable to most crops, and were it not for the ravages of the tobacco worms, there would be no complaint of widespread character.

Central Kentucky.—This section had fared better in the distribution of rainfall which came in the nature of local showers. There was also a slight modification in temperature, as compared with that of the western portion. All crops advanced rapidly under these favorable conditions, except in certain localities which were skipped in the local distribution of showers. In these localities and especially in the lowlands the soil is baking, and the crops are not doing so well. The excessive heat and sunshine following so closely upon a period of heavy rains are causing tobacco to ripen too rapidly. Irish potatoes are also injured by these conditions and are rotting in the hill. Early corn is growing nicely and shows up well. But late corn may be short unless some showers comes to its rescue. Tobacco is firing in some localities, but generally it is in good condition. There is not so much complaint of worms in this section. In Fayette and adjoining counties it is being cut and housed. Hay and oats are being cut. A short crop of each is being housed. Hemp is fine. Gardens and fruits are fair.

WHEN the thermometer is above 90° what is more refreshing than a glass of soda below freezing? At Chenoweth's drug store.

CINCINNATI Enquirer: "John F. Pogue, the lawyer, who is interested in the Pogue Distillery at Maysville, Ky., was on 'Change Thursday securing the signatures to a call for a meeting of leading distillers and distributors to take some action in reference to securing a decrease in the amount of the Government tax on whisky. Mr. Pogue was one of the committee appointed by the Kentucky distillers to secure signatures to the agreement to close down for eighteen months. While in this service the subject of the present agreement was brought up, and he found that the Kentuckians were very anxious to have the tax cut down. Already over 100 names have been secured for the paper, and a big mass meeting is promised."

A MAN may dress as well as his own good judgment and the assistance of an artistic tailor may elect. He may take his "mbs" but if his digestive organs are out of order, he will have an unwholesome appearance. His complexion and the white of his eyes will have a yellowish cast. His tongue will be coated, appetite poor, his teeth rusty, his breath abominable. He is one big, unmistakable sign of constipation.

The quickest, surest, easiest way to cure this trouble is to take Dr. Pierce's Pleasant Pellets. They are made of refined, concentrated vegetable extracts. Nothing in the least harmful enters into their composition. They hunt down all impurities, and "make them move on." They are the product of many years' study and practice. Dr. Pierce cannot afford to put forth a worthless article.

THE Cloak and Suit Review has the following complimentary reference to a former citizen of Maysville: "The Timothy Drygoods and Carpet Company, of Chattanooga, Tenn., was incorporated in 1889, to conduct the drygoods business of Timothy & Metz. The incorporation was followed by the inauguration of a cloak and suit department on a small scale. In 1892 S. P. Redmond accepted the position of manager of and buyer for the department, and the year 1896 sees the concern with a business in cloaks and suits aggregating some twenty-five thousand dollars per annum. Much of this is due to Mr. Redmond's good judgment and foresight. He was formerly in the trade in Buffalo, N. Y., and Maysville, Ky., and also in business on his own account in South Pittsburg, Tenn."
